

## COMMUNITY

### A Little About CACIL ...

The Capital Area Center for Independent Living is a non-profit, self-help organization that provides a range of services to support people with disabilities in our Capital Area community. Independent Living is the principle that individuals with any disability, to the fullest extent possible, shall work, live in their own homes, raise families, and participate in the everyday activities of life.

Your needs and your interests will always be involved in the process of moving into the community. When you choose to live in the community, CACIL can help you get there.

## Our Vision

For people with disabilities to be included in all aspects of the human experience.
